1. The following is an examiner's statement of reasons for allowance: the claims are allowable because the prior art of record fails to disclose or teach the recited operating means for rotating the chute member about a pivot axis of the chute member. This phrase is being interpreted as invoking 35 USC 112, 6th paragraph, and thus means a solenoid-type operator as described in Applicant's specification in the paragraph bridging pages 7 and 8 or its equivalents. Thus, the manually actuated pivoted chute as described in Tunzi does not meet this limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to William E. Tapolcai whose telephone number is (571) 272-4814. The examiner can normally be reached on Mon. - Thurs., 6:30 to 5.
